Roll The Credits

Peter Bjorn and John

(Roll, roll the credits)
Boy in the beginning
The beginning it was me and you
I was Bonnie you were Clyde
And we were running
We were running for the minute we knew
(Roll, roll the credits)
But then in the middle
In the middle you went and changed the script
Took a pencil and erased my happy ending
Instead of loving you I feel so sick
(Roll, roll the credits)
I know you directed it
I'm sure I produced a bit
So why's that chick stealing my show?
Baby tell me, who is she?
I need to know her name and number
Tell me, who does she hang out with when you're not together?
I ain't gonna do nothing crazy
I just need you to hear me
(Roll, roll the credits)
Roll the credits
And tell me how many of your friends you told all about it
They said your working last Friday night when I was calling
Did you lie to all of them too?
Or was I just a fool?
(Roll, roll the credits)
Roll the credits
Yeah yeah
You worked undercover
Gave her every single line I owned
And it doesn't make me feel any better
That you took her places we would go
(Roll, roll the credits)
I thought you were meant for me
My name should be on that screen
Tell me, why's that chick playing my role?
Baby tell me, who is she?

I need to know her name and number
Tell me, who does she hang out with when you're not together?
I ain't gonna do nothing crazy
I just need you to hear me
(Roll, roll the credits)
Roll the credits
And tell me how many of your friends you told all about it?
They said your working last Friday night when I was calling
Did you lie to all of them too?
Or was I just a fool?
(Roll, roll the credits)
Roll the credits
I know you directed it
I'm sure I produced a bit
I thought you were meant for me
My name should be on that screen
We weren't even at the end
But you started auditioning
And let somebody star in my show
(Baby)
Tell me, who is she?
I need to know her name and number (I need to know)
Tell me, who does she hang out with (tell me)
When you're not together? (who does she)
I ain't gonna do nothing crazy (aint gonna do nothing so crazy)
I just need you to hear me (I just need you, I just need you to hear me baby)
(Roll, roll the credits)
And tell me how many of your friends you told (tell me)
All about it? (who did you tell)
They said your working last Friday night when I was calling
Did you lie to all of them too? (all of them too)
Or was I just a fool? (oh a fool)
(Roll, roll the credits)
Roll the credits
Roll the credits
Roll the credits
(Roll, roll the credits)

(Roll, roll the credits)
