

# If You Go Away

Frank Sinatra

If you go away on the summer day  
Then you might as well take the sun away  
All the birds that flew in the summer sky When our love was new and our hearts were high  
When the day was young and the night was long  
And the moon stood still for the night birds song If you go away, if you go away  
If you go away, if you go away But if you stay, Ill make you a day  
Like no day has been, or will be again  
Well sail the sun, well ride on the rain Well talk to the trees, worship the wind  
Then if you go, Ill understand  
Leave me just enough love to fill up my hand If you go away, if you go away  
If you go away, if you go away If you go away, as I know you must  
There'll be nothing left in the world to trust  
Just an empty room, full of empty space Like the empty look I see on your face  
Id have been the shadow of your dog  
If I thought it might have kept me by your side If you go away, if you go away  
If you go away, please, dont go away
