Party All Over Your Body

Lloyd

First we go to dinner then we hit the movies
Now we back in my crib, off in the jacuzzi
I'm kissin' on your stomach, feelin' on your booty
I wanna have a party all over your bodyFirst we go to dinner then we hit the movies
Now we back at my crib, off in the jacuzzi
I'm kissin' on your stomach, feelin' on your booty
I wanna have a party all over your bodyI wanna freak you
I wanna freak you
I wanna freak you
I wanna have a party all over your bodyFreak on, cruise the city, girl, hard or the soft top
And I got that old school paint like a lollipop
Ring, ring, ring and my celly ringin', ready girl?
Ching, ching, ching, I got that fatty and I'm ready, girl
To take you outI do this here on the regular and there's no doubt
There's somethin' 'bout you that is special, girl
I'm diggin' you, girl, your body's unforgettable
Your swag is incredible, you know what I wanna doSurprise, I'm a treat you like it's your birthday
Surprise, no man can do like, girl, like I can
Surprise, I'm the present, baby, unwrap me
Did you hear me? Baby, unwrap meFirst we go to dinner then we hit the movies
Now we back in my crib, off in the jacuzzi
I'm kissin' on your stomach, feelin' on your booty
I wanna have a party all over your bodyFirst we go to dinner then we hit the movies
Now we back in my crib, off in the jacuzzi
I'm kissin' on your stomach, feelin' on your booty
I wanna have a party all over your bodyI wanna freak you
I wanna freak you
I wanna freak you
I wanna have a party all over your bodyYeah, be cool, keep it on the hush
Don't let other girls know anything about us
'Cause they know what I'm feelin'
Pull them curtains up 'cause this is a private show
Time to give me some sexual healingThe time is now, even if it's here on the regular
To put it down, I promise I'm gonna make you special, girl
I'm makin' you, girl, your body's unforgettable
Your swag is incredible, you know what I wanna doSurprise, I'm a treat you like it's your birthday
Surprise, no man can do like, girl, like I can
Surprise, I'm your present, baby, unwrap me
Did you hear me? Unwrap me, babyFirst we go to dinner then we hit the movies

Now we back at my crib, off in the jacuzzi
I'm kissin' on your stomach, feelin' on your booty
I wanna have a party all over your bodyFirst we go to dinner then we hit the movies
Now we back in my crib, off in the jacuzzi
I'm kissin' on your stomach, feelin' on your booty
I wanna have a party all over your bodyI wanna freak you
I wanna freak you
I wanna freak you
I wanna have a party all over your bodyYeah girl, come and gimme some of your body
'Cause I just want a piece of your body
Give it up, give it up, I wanna have a party all over your body
Stop playin' and gimme some of your bodyI'm sayin', I just want some of your body
Yeah, give it up, give it up
I wanna have a party all over your body
