

4WP (feat. Brad Paisley)

Brad Paisley

I been waiting all week for Saturday night
Now Iâ€™m picking my baby up
Sheâ€™s pretty as a peach
And sweeter than a cheek
Full of cherry Skoal long cut

Ooh ooh, man alive, canâ€™t wait â€™til it gets dark
Weâ€™re gonna take this 4 wheel drive and put it into 4 wheel park

Iâ€™m pulling in her drive, sheâ€™s waiting outside
Just standing on her front porch
Good Lord sheâ€™s taken them tight blue jeans
And cut â€™em off into jorts

Ooh ooh, man alive, be still my beating heart
Iâ€™m about to take this 4 wheel drive and slam it into 4 wheel park

Thereâ€™s a holler I know down an old dirt road
Where we can be all alone
Gonna back it on in, turn the headlights off
And see if I can turn her on

Now the mood's just right in the dashboard light
Weâ€™re steaming up my windows
While her favorite singerâ€™s singing her favorite song on the radio
Letâ€™s get a little mud on the tires

I got the defrost on and the steamâ€™s about gone
And weâ€™re heading down highway 10
Lord have mercy, sheâ€™s a getting all flirty
And kissing my neck again

Ooh ooh, man alive, sheâ€™s about to hit restart
Iâ€™m about to put this 4 wheel drive right back into 4 wheel park
Iâ€™m about to take this 4 wheel drive and slam it into 4 wheel park
