Kick Me

Ray Columbus & The Art Collection

Why can't you be there for me
A friend is no where to be found
I just don't understand why you
Kick me when I'm downEnter the room maybe too soon
Nobody seems to be through
They were just talkin' 'bout me
Now the silence is killing me
I made a mistake now it's too late
Everyone just can't wait
Ya just wanna tell a friend
Start the beginning of my endYou must have never fallen short
Always doing the right thing
'cause if you ain't so perfect then
Don't throw another stone at me[chorus:]
Why can't you be there for me
A friend is no where to be found
I just don't understand why you
Kick me when I'm down
You think it's over now but
I'm gonna turn it all around
Why can't you see that you
Kick me when I'm downTrying to walk but then I get
Caught up
Don't know if I have enough
Just stop looking down on me
You're seeing right through my need
Thought I could count on you
As someone to be true
Helping me get through
You coulda reached for me
But your back is all I seeYou must have never fallen short
Always doing the right thing
'cause if you ain't so perfect then
Don't throw another stone at me[repeat chorus]Kickin' me, kickin' me
