

If Only in Heaven's Eyes

*NSYNC

I never thought you were a fair weather friend
You never let me down, you're true to the end
You're in the darkest hour, when all was lost
Somehow you left the light on
You faced the wrong and showed the world a thing or two
Stood up for me, for you and you should know
Some say it wasn't worth the things we went through
I say it ain't worth losing you
I hope you know how much you've changed all our lives
Someday you'll see if only through heaven's eyes
I still remember the things that you said
I keep your words alive I could never forget
'Cause in the final hour you made me proud
So proud that I could know you
You told the world it's time that they believed in you
You stood for right and truth and you should know
Some say it wasn't worth the things we went through
I say it ain't worth losing you
I hope you know how much you've changed all our lives
Someday you'll see if only through heaven's eyes
Only through heaven's eyes
And so we can't forget
We've got to keep remembering them all the ones who took the fall
They did it for us all and we should learn from it
Stand up if you believe in it, you've got to face the world
Be strong
Some say it wasn't worth the things we went through
I say it ain't worth losing you
I hope you know how much you've changed all our lives
Someday you'll see if only through heaven's eyes
Some say it wasn't worth the things we went through
I say it ain't worth losing you
I hope you know how much you've changed all our lives
Someday you'll see if only through heaven's eyes
