# Take Me Somewhere

## Tennis

I get the tiller, you get the line
Crystalline water with manta ray shine
Annapolis ships heel and dip
Swift Rangers' lines clean and sleekDoes the mainsheet remind you of me?
Do nautical things make you miss the sea?
Make fast the lines, please don't waste anytime
Oh, I feel the wind blowingSultry in the summer heat.
I know with you we can't be beat.
Take me somewhere.
Take me somewhere.
Take me somewhere.
Why don't you take me somewhere?Sittin' in the sand
Waitin' for you to return to land
Sittin' in the sand
Waitin' for you to return to landOh, take me somewhere
Take me somewhere
Take me somewhere
Why don't you take me somewhere?
