

We're Not Right

David Gray

Feel the weight of this passing time
All these crazy faces run through my mind
And that song has brought a teardrop to my eye
Can't tell the bottle from the mountain top
No we're not right I see this world but I can't relate
Hey that everything must accelerate
Betty Ford oh won't you be my valentine
Can't tell the bottle from the mountain top
No, we're not right Can't tell the bottle from the mountain top
And now my hands are shaking
But I just can't stop
Can't tell the bottle from the mountain top
No we're not right Can't tell the bottle from the mountain top
And now my knees are shaking
But I just can't stop
Can't tell the bottle from the mountain top
No we're not right Now I'm weak and my head is sore
And I feel like I can't go on no more
I come in here where normal rules do not apply Can't tell the bottle from the mountain top
No we're not right
Can't tell the bottle from the mountain top
No we're not right
Can't tell the bottle from the mountain top
No we're not right Yeah yeah
Yeah yeah
