Underneath the Veil

Wolfsheim

Underneath the veil
Underneath the veil
Underneath the veilSand to sand, dust to dust
Do I know whom to trust?
Do I know what life could be?
I know what I've seenPromises almost kept
Everything that you once said
Seems to be just a lie
But might is rightUnderneath the veil
Underneath the veil
Underneath the veilUnderneath the veil
I saw a stirring
Underneath the veilIt may come out of the blue
Unbelievable but true
All and more than you could fear
Has happened hereI'll show you what it's like
Standing on the other side
It's on the way to the end
I'll hold your handUnderneath the veil
Underneath the veil
Underneath the veilUnderneath the veil
Underneath the veil
I saw a stirring
Underneath the veilUnderneath the veil
Underneath the veil
Underneath the veil
Underneath the veilUnderneath the veil
Underneath the veil
Underneath the veil
Underneath the veilLook at yourself and the comfort you live in
You know what you've got when you know what you've given
To the silence when there's nowhere else to go butUnderneath the veil
Underneath the veil
Underneath the veil
