## Nouvelle Vague

I Melt With You

(feat. Silja)

(Modern English) Moving forward using all my breath

Making love to you was never second best

I saw the world thrashing all around your face

Never really knowing it was always mesh and lace I'll stop the world and melt with you

You've seen the difference and it's getting better all the time

There's nothing you and I won't do

I'll stop the world and melt with you Dream of better lives the kind which never hate

Dropped in the state of imaginary grace

I made a pilgrimage to save this humans race

Yes I did

What I'm comprehending a race that long gone bye I'll stop the world and melt with you

You've seen the difference and it's getting better all the time

There's nothing you and I won't do

I'll stop the world and melt with you The future's open wide

I'll stop the world and melt with you

You've seen the difference and it's getting better all the time

There's nothing you and I won't do

I'll stop the world and melt with you, yeah

I'll stop the world and melt with you

I'll stop the world and melt with you, yeah, yeah
