

I Like You

Donovan

You're such a good friend
I'd hate to have you as an enemy
From the first time we met
I knew you were the one to set me free
You liked me, I liked you
You liked me, I liked you
Holding my heart in the palm of your hand
Headed out west for the Indian lands
Dreams of the golden boy tangling your mind
Burning your body to fill in the time
Sad city sister [Incomprehensible]
I knew naively that I was your man
I followed after with heavy heart of lead
Just like a man, he who walks, yet is dead
I asked you to dance
And you wondered and you thought you might
So we went and took a chance
On the catwalk in the cold starlight
I held you, you felt me
I touched you, you kissed me
Holding my heart in the palm of your hand
Headed out west for the Indian lands
Dreams of the golden boy tangling your mind
Drugs ate your body to fill in the time
Sad city sister [Incomprehensible]
I knew naively that I was your man
I followed after with heavy heart of lead
Just like a man, he who walks, yet is dead
