

I'm In Love

Ginuwine

You Know baby I am so in love you, there is a lot I want to say to you to so listen closely
As the day goes by
I'm always thinkin' of your face
Your hair, your eyes, your sweet lips and the way they taste
You got me goin' on a high that I have never felt
A beautiful thing, not like the same thing
Let's think we've got it so amazing what I love the most
Is how we can talk and how we laugh and the fact we're so close
It's no illusion but it's magic, no tricks involving
With you I've got it all, you I've got it all
I'm in love, I'm in love, do you hear me?
Was so scared, not prepared but it just hit me
Glad it's us, now I'm good, I'm so in love
I'm in love, I'm in love and it's a good thing
Many miss out on things, real lover's bring
Glad it's us, now I'm good, I'm so in love, so in love, baby
In my mind I'm in a world alone, just you and I
You're my Eve and I'm your Adam, so let's start new lives
'Cause the way you make me feel, it's like a new beginning, girl
In all different ways, so many different ways
You have been for with me for my past and the mistakes I've made
You was still strong and had my back, now the foundation's laid
And I wanna spend the rest of my life just fulfilling you
With everything you want, everything you need
I'm in love, I'm in love, do you hear me?
Was so scared, not prepared but it just hit me
Glad it's us, now I'm good, I'm so in love
I'm in love, I'm in love and it's a good thing
Many miss out on things, real lover's bring
Glad it's us, now I'm good, I'm so in love, so in love, baby
It's one of those things and it's real hard to explain
but
It's real and fills your heart and hearts just don't lie, no
You will know real love 'cause nothin' feels like it and
It touches things inside, it's a real experience
I'm in love, I'm in love, do you hear me?
Was so scared, not prepared but it just hit me
Glad it's us, now I'm good, I'm so in love
I'm in love, I'm in love and it's a good thing
Many miss out on things, real lover's bring
Glad it's us, now I'm good, I'm so in love, so in love, baby
I'm in love, I'm in love, do you hear me?
Was so scared, not prepared but it just hit me
Glad it's us, now I'm good, I'm so in love
I'm in love, I'm in love and it's a good thing
Many miss out on things, real lover's bring
