

# Instant repeater 99

## Agnes

Here's a way to take you down  
Another statement of our time  
Here's a way to let it roll  
And it's a way to lose control Here's a way for a new age  
Another way to catch you eye  
Instant repeater '99  
We all rewinding to get high I'm ready to close my eyes  
I'm ready to blow my mind  
I'm ready to leave you all behind  
Instant repeater  
Instant repeater '99 Here's a way to let it go  
Af all the things you ought to know  
Nobody wants to have you near  
Cause no one listens to your fears Here's a way for a new age  
Another way to catch you eye  
Instant repeater '99  
We all rewinding to get high  
To get high I'm ready to close my eyes  
I'm ready to blow my mind  
I'm ready to leave you all behind  
Instant repeater  
Instant repeater '99  
Instant repeater  
Instant repeater '99
