Oh No

Lawrence

We've been riding the two of us
Something is different, it's all because
Oh, I'm singing you my satyr song
Now I know you won't be longCause you said love is really all you need
And I said you just gotta let it be
Then you said that we all wanna change the world
And now you've found another girl
If you say yes, then I sayOh no, oh no
Oh no, oh noDo you get back the way that it used to be
She said, she said it's either them or me
So that's it, you're telling me she's in your life
I gotta get her out of mine
You say yes, then I say
Oh no, oh no
Oh no, oh no
Oh no, oh noInstrumentalSo what's it all about
Can we work it out
Will you give me no replyTell me what you see
Cause one and one make three
Is it just hello goodbyeSo if we say the end
I'll get by, my friend
Can you hide your love awayAnd now I'm on my own
This bird has flown
I'm afraid she's here to stay
You say yes then I say
Oh no, oh no
Oh no, oh no
Oh no, oh no
