

# Sugar Free Jazz

## Soul Coughing

Normalize the signal when you're banging on freon  
Paleolithic eon  
Put the fake goatee on  
And it booms as cool as  
Sugar free jazzSchools he bombs, he bombs  
Schools he bombs, he bombs  
Schools he bombs, he bombsStack wax, lie like a place mat  
Won't lap  
But help you at the Automat  
And it's clear and clean as  
Sugar free jazzSchools he bombs, he bombs  
Schools he bombs, he bombs  
Schools he bombs, he bombsFossilize apostle and I comb it with a rake  
You can't escape  
You pull out the brake  
And it booms as cool as  
Sugar free jazzSchools he bombs, he bombs  
Schools he bombs, he bombs  
Schools he bombs, he bombs
