Helule Helule

The Tremeloes

Helule, helule, la-la-la
Helule, la-la-la
Helule, helule, la-la-la
Helule, la-la-la
Helule, helule, la-la-la
Helule, la-la-la

A woman will love you in every way
If you have the courage to name the day
Be careful and listen what ever I say
You take on big trouble and have to pay

It's so windy
Windy weather
It's so windy

Helule, helule, la-la-la
Helule, la-la-la
Helule, helule, la-la-la
Helule, la-la-la

You say that you love her and she loves you
It's easy to say it, but hard to do
Before you can raise a good family
You have to make love in harmony

It's so windy
Windy weather
It's so windy

Helule, helule, la-la-la
Helule, la-la-la
Helule, helule, la-la-la
Helule, la-la-la

It's so windy
Windy weather
It's so windy

Helule, helule, la-la-la

Helule, la-la-la
Helule, helule, la-la-la
Helule, la-la-la
