

Turn My Back On Yesterday

[Molly Hatchet](#)

The Blue Ridge Mountains were turning green
The last time I saw her face
Rose colored glasses can't hide the pain
Neither can your satin and lace
I turned my Back on Yesterday
For a better tommorrow
I turned my Back on Yesterday
For a better tommorrow
I tried to keep you warm at night
Through the lonely winter snow
Sayin' your wrong is just not right
That's why I have to go
Our love just got lost along the way
Can't find our selves eye to eye
Or face to face
I turned my Back on Yesterday
For a better tommorrow
I turned my Back on Yesterday
For a better tommorrow Our love got lost along the way
I know you'd walk thru fire for me
You showed me in every way
Now it's time to set you free
The words got in my way
I turned my Back on Yesterday
For a better tommorrow
I turned my Back on Yesterday
For a better tommorrow
I turned my Back on Yesterday
For a better tommorrow
I turned my Back on Yesterday
For a better tommorrow
Our love got lost along the way
Lost along the way
