Join Me In Death (Razorblade Mix)

HIM

We are so young, our lives have just begun
But already we are considering to escape from this world
And we've waited for so long for this moment to come
It was so anxious to be together, together in deathWon't you die tonight for love?
(Baby, join me in death)
This world is a cruel place and we're only to lose
Before life tears us apart, let death bless me with you
This live ain't worth living
