

New Amsterdam

Travis

Jean-Michel Basquiat, Francois Truffaut

Robert Zimmerman and De Niro

Paris, Texas, end of the world

New York, New York, good bye, girl

And they meet on Bleecker Street

Or the Park that is Central, oh no

I watched the sun go down

Down, down beneath the ground

And it's a new day, it's a new dawn

In New Amsterdam

The stranger in the moonlight

Looks stranger in the moonlight

And they meet on Bleecker Street

Or the Park that is Central, oh no

I watched the sun go down

Down, down beneath the ground

It's a new day, it's a new dawn

In New Amsterdam

And we meet on Bleecker Street

Or the Park that is Central, oh no

I watched the sun go down

Down, down beneath the ground

And it's a new day, it's a new dawn

In New Amsterdam
