

Zap! Carnivorous

Eddie Jefferson

Tell me what is happening in our cities today,
There was a time when we could go out and play.

Murderers and muggers running wild in our streets,
People are frightened theyâ€™re accepting defeat.

Hurry home,
What is life,
Lock your door,
â€™Fraid at night.

Put your hands,
Up in the air,
Take your watch,
Gee, your scared.

Shoot you with his gun,
Stab you with his knife,
Hush donâ€™t make a sound,
It may mean your life.

Zap Carnivorous,
Pops up in my mind,
Stickin' up the bars,
Gets us a little time.

Snatching women pocket books and getting away,
If thereâ€™s no stopping them we might as well pray.

Half the population pretty soon will be dead,
I hope you descent folks heard what I said.

Hurry home,
What is life,
Go lock your door,
â€™Fraid at night.

Put your hands,
Up in the air,
Take your watch,

Gee, your scared.

Shoot you with his gun,
Stab you with his knife,
Hush donâ€™t make a sound,
It may mean your life,

Zap Carnivorous,
Pops up in my mind,
Stickin' up the bars,
Gets us a little time.

Theyâ€™re ripping off the poor and sucking off of the rich,
Whoâ€™s going to stop them they are but a bitch

Pistols flyinâ€™ ruffies backinâ€™ out of the door,
Hollerinâ€™ everybody stay down on the floor.

Hurry home,
What is life,
Lock your door,
â€™Fraid at night.

Put your hands,
Up in the air,
Theyâ€™ll take your watch,
Yes, youâ€™re scared.

Shoot you with his gun
Stab you with his knife
Hush donâ€™t make a sound
It may mean your life

Zap Carnivorous,
Pops up in my mind,
Stickin' up the bars,
Gets us a little time.

They will rob and kill you and then pay it no mind,
No used to hiding for an end to this crime.

Theyâ€™re ripping off the poor and sucking off of the rich,
We got to stop it they are but a bitch.

Hurry home,
What is life,

Lock your door,
â€˜Fraid at night.

Put your hands,
Up in the air,
Take your watch,
Sure, youâ€™re scared.

Shoot you with his gun
Cut you with his knife
Hush donâ€™t make a sound
It may mean your life

Zap Carnivorous,
Pops up in my mind,
Stickin' up the bars,
Gets us a little time.

Go away
Zap Carnivorous
Go away
Zap Carnivorous

Stop the crime
Itâ€™s the time
Stop the crime
Hit the street
Ainâ€™t no Zap Carnivorous!â€˜
