

# Dreamer

Jewel

Don't want to hear no sad songs  
I say to the darkness  
But it doesn't respond  
I ask if I sing a new one  
Will I always sing alone So long I have no lonely sorrow  
How could I fade to here  
The sound of all the sleeping hearts  
The timed hopefuls waiting for a path to be clear [Chorus]  
I can hear a sweet melody  
Beneath it all  
And it says brave dreamer  
Dream a new you won't always dream by yourself  
You won't be dream by yourself everybody's gonna sing along Loneliness has bite my heart  
I know its wounded your heart to  
But our longing is our revolution  
It's going to bring world anew [Chorus] But is it possible  
I say yes its possible  
Made it possible Oh I can hear a sweet melody  
Beneath it all  
And it says be brave dreamer  
Dream a new You won't always dream by yourself  
No you wont dream by yourself  
No no you won't dream by yourself  
Everybody's gonna sing a long
