

# Yeah Boy, And Doll Face!

## Pierce The Veil

Were you honest when you said  
I could never leave your bed  
Wake me up and let me know  
You're alive  
And will you fall in love again  
Is the scent slowly spreading?  
I've been answering machines  
All night  
Now the doctors dancing in  
While the ambulances sing  
Another boy  
Without a sharper knife  
The moment that's where  
I kill the conversation  
Wrap this up with a knife that loves to feel  
How do you know how deep to go before it's real  
Take me home  
Can I even complicate your breathing?  
I guess I'm just your average boy  
This is me  
With a knife in the back  
And a grip on the glass, it's cold  
And I don't want to be here  
I guess I'm never comfortable or situational  
Are we losing or beginning  
To try a new life without you?  
The moment that's where  
I kill the conversation  
Wrap this up with a lie that I'm enjoying  
Every minute with myself  
And she could make hell  
Feel just like home  
So I'm never leaving her alone  
But if your lightning lips aren't mine  
Then I don't know the awkward stranger to my right  
She's crying  
I only need one hand to drive  
When you're with me  
You are my getaway

Oh, no  
And don't you ever feel alone?  
And don't you wish you were  
Cut the lust tonight  
Alright, alright, tell me why? My  
Little Mona Lisa told a lie, lie, lie, lie  
Do you want me?  
Do you want to let me know that you're okay  
A diamond gold ring  
Customized to cut your circulation  
But I couldn't let you go  
No, I never let you go, my dear  
So keep talking  
'Cause I love to hear your voice  
To your voice  
To your voice  
To your voice again
