In And Out

Keith Sweat

Telephone, two way, pager, cell phone, e-mail, fax, home mail gram
These are just some of the ways people communicate what's on their mind
But instead you got me guessing, stressing girl
You messing up my flow
I might as well give this thing up
'Cause I just don't know which way to go
If you ain't trying' to be with me
Then why don't you just up and leave
But if you truly want to stay then
Just let me know, oh, oh yeah girlYou can't keep on running in and out
Out of my life, into my bed
Out of my heart and into my head
You can't keep on running in and out
Won't you say so?
We can work it outRoses, candy, diamonds, first class flights and five star vender
There were nothing you wanted girl that now I would not do for you
All I get is fuss and fighting, bitching, complaining yeah
If you ain't feelin' me no more, you know what you need to do
If you ain't tryin' to be with me
Then why don't you just let me be, yeah yeah
If you truly want to stay
Just let me know, yeah yeahYou can't keep on running in and out
Out of my life, into my bed
Out of my heart and into my head
You can't keep on running in and out
Won't you say so?
We can work it outListen girl, I'm just a man doing all I can
Girl, I understand sometimes it ain't easy
Everywhere I go, everybody know
Ladies at my show tryin' to get at me
But I'm down, yeah yeah, nothing I won't do
But you gotta choose either you're in or out girl
Make up your mind because you're wasting time
Do you want me girl, like I want you?You, you can't keep on running in and out
Out of my life, into my bed
Out of my heart and into my head
You can't keep on running in and out
Won't you say so?
We can work it outYou, you can't keep on running in and out

Out of my life, into my bed
Out of my heart and into my head
You, you can't keep on running in and out
Won't you say so?
We can work it outYou, you can't keep on running in and out
Out of my life, into my bed
