Kissing You Goodbye

The Pierces

Young love waits at the window
And I said go home
'Cause he don't know it's not his problem
And he don't know I'm not aloneClock strikes 3 in the morning
And I lie sleepless
'Cause he don't know I broke my promise
And he don't know I've done thisIn the early light
I found you with a bottle by the side
I can see by your eyes you know that I
I'm kissing you goodbye
I'm kissing you goodbyeWhat now? That is the question
But it's not up to you
So I think I will leave you guessing
After all you put me throughIn the early light
I found you with a bottle by the side
I can see by your eyes you know that I
I'm kissing you goodbye
I'm kissing you goodbye
I'm kissing you goodbyeIn the early light
I found you with a bottle by the side
I can see by your eyes you know that I
I'm kissing you goodbye
I'm kissing you goodbye
I'm kissing you goodbye
