(I Hate) Reggae

Poison Idea

Hanging around changing the world,
Soon there'll be peace and it will be cool,
Then we can start all over again,
Then we can love the man who deals death,
I feel pissed, I feel ripped, I can't slowdown,
I Hate Reggae
Black and white unite and fight the right,
But not thru reggae,
Jah this Jah that, what the fuck?
Cant stand reggae,
ANd I wont dance at a disco,
Even if they play reggae,
I feel bad, my P.M.A's good
So good I want to burn down my neighborhood,
Dread locks and herb, nothing for us,
Religious backwas, another broken trust.
