Frozen Lake

Buffalo Tom

I'm between the lines, just one more time
Read it in a book I almost looked
In frozen lake she comes and takes
Give up my whole world, she's just a girl
In my frozen mind, I'm stuck in time
I can't get past this thing for one more spring
See, she fits to me so easily
I, I am borderline almost everytimeGive up my whole world
She's a translucent girl
In frozen mind, I'm lost in timeI take one more breath, it's worse than death
Turn on all the lights, alive with fright
See, she fits to me too easily
I, I am borderline almost everytime
Give up my whole world
She's a complicated girl
In frozen mind, I'm stuck in timeGive up my whole world
She's a complicated girl
In the frozen lake she comes and takes
