

# Frozen Lake

## Buffalo Tom

I'm between the lines, just one more time  
Read it in a book I almost looked  
In frozen lake she comes and takes  
Give up my whole world, she's just a girl  
In my frozen mind, I'm stuck in time  
I can't get past this thing for one more spring  
See, she fits to me so easily  
I, I am borderline almost everytime Give up my whole world  
She's a translucent girl  
In frozen mind, I'm lost in time I take one more breath, it's worse than death  
Turn on all the lights, alive with fright  
See, she fits to me too easily  
I, I am borderline almost everytime  
Give up my whole world  
She's a complicated girl  
In frozen mind, I'm stuck in time Give up my whole world  
She's a complicated girl  
In the frozen lake she comes and takes
