

# Watch Your Step

## Doug Jay

I don't understand your thinking  
Don't know why, you do the things you do  
Break my heart, and disregard my feelings  
Breaking hearts, some kind of game to you I tell you, you better watch your step  
You'll fall and hurt yourself one day  
    baby listen, you better watch step  
You'll fall and hurt yourself one day It's so easy, to tease me  
    It's so easy, to let me down  
    It's so easy, to mislead me  
    It's so easy, to leave me hangin around  
no where to come down. Maybe we should just forget this  
    Maybe, just put me out of your mind  
    I won't stay, not while you mistreat me  
I won't stay, It's just a waist of my time I'm tellin you, you better watch your step  
You'll fall and hurt yourself one day  
    baby listen, you better watch step  
You'll fall and hurt yourself one day
