# Soft Mind

## Brutal Truth

Inbred the liars
They're buying and selling in soft minds
Castrate their mission
Your loss of decisions combineYour faith in the after
Enslaving the present
Varies in crime
Your faith in the after
Enslaving the present
Divine in their claimsFalls in their line
Malediction, pass suspicions
Through divisions by tradition
Contradictions, pass suspicions
Through divisions by tradition
All consumingFalls in their line
Malediction
Contradictions
All consuming
