Hey Boy

Racionais Mc's

[Theophilus London]Hey Boy Hey Hey Girl Hey
Hey Boy Hey Hey Girl (x2)
[Rose Elinor Dougall]I've done some dirty deeds
But I've never done
A dirty deed to you
Years in the wilderness
'Til you found me
And gave me something true
Hey girl, you've lucked out
All the other girls they can only stare
That boy, he's so beautiful
Sleeping in the chair
People change but we're still here
We set sail without a destination
Weathered storms along the way
Face to face with temper
And temptation
Hey girl, you've lucked out
All the other girls they can only stare
That boy, he's so beautiful
Walking over here
I've found what heart is
It's being next to you
Without a single breath
Between us (between us)
I've found what heart is
It's being next to you
Without a single breath
Between us (between us)

[Theophilus London III]Let me tell you
About this girl called Rose
She just got the sensation
Said I'd be there around 3 o'clock
Inside your house I've been waiting
Her mother and brother, they greet me
They're wonderful
Your house looks nice
And your son does too

On his way to Sunday School
Summers coming back on my mind
Get the girl baby I'll stand in line
You could bring your gifts
I don't mind
3 night, 2 days I'll be fine
Get the bread, get the cheese,
Get the wine
Music blasting, a good time
You and me, we're aligned
What ya say, what ya say
Hey girl hey
[Rose Elinor Dougall]Hey girl, you've lucked out
All the other girls they can only stare
That boy, he's so beautiful
Sleeping in the chair
I've found what heart is,
It's being next to you
Without a single breath
Between us (between us)
I've found what heart is,
It's being next to you
Without a single breath
Between us (between us)
Sleeping in the chair
