

# All Worked Out

## Revive

She's got it all worked out in her mind  
And you're part of the plan  
And you don't have the final word  
She's got a long head start on your brain  
And your heart is afraid  
And you don't get to say you're thinking  
Come on make it easy now  
(Make it easy now)  
Come on make it easy on us all  
(Make it easy now)  
Come on make it easy now or tears may fall  
(Fall)

She's got it all worked out, I'm afraid  
And your life is arranged  
And it's strange but you're feeling fine  
She's got it all worked out  
She's got it all worked out  
She's got it all worked out  
She's got it all worked out  
She's got it all worked out, I'm afraid  
(She's got it all worked out)  
And your life is arranged  
(She's got it all worked out)  
And it's strange but you're feeling fine
