

# Jesus Loves You

## Jewel

They say that Jesus loves you  
What about me?

They say that money breaks you  
I still wanna see

They say you're only half alive  
Till you give extra whitening a try

Well I wanna see, I wanna see  
What can you do for me?

Showing ta-tas on the TV is OK  
I wanna be OK,too  
Having my picture in a magazine makes me special  
How special are you?  
They say if I donate, even I  
Can buy a lot in heaven before I die

Well I wanna see, I wanna see  
What can you do for me?

I want someone else to pack my lunch  
Gonna get get someone else to pull the punch  
Pay a psychic for romance  
Gonna pay a priest for a,  
Will you give me a second chance  
Will you give me a second chance

They say abortion will send u straight to a fiery hell  
That is if the fanatics don't beat Satan to the kill  
It's not what I can do for anybody  
It's what there body can do for me

Well I wanna see, I wanna see  
What can u do for me?

They say that Jesus loves you  
What about me?
