Pornstar

Amy Meredith

Verse
If you wanna wait, oh
Till I come down
We can run away, oh
To the cityVerse
Here we are its the right time
Let me know you feel the same
As beforePre
Look me in the eyes and
Tell me that you wanna stay
It took me by surprise when she saidChorus
I could be a pornstar. We could leave the lights on
You can feel my heart beat. And it wont stop.
Show me how to fake it, Let me taste your lipstick.
Then well turn the lights off. Touch me in the darkChorus 2
This Love in my head, darling I cant pretend
That Im getting out Im getting out.
So far away so far away now.Verse
Standing in the rain, oh
Where I left you
Its another day, oh
In the cityPre 2
Look me eyes and tell that you wanna stay
I could see her smile when she said.Middle 8
Am I loosing my mind
Am I Loosing my mind
Over you girl
