

Out Of This World

Antiscience

Get money addict
I'mma get "money" tatted
 Money in the attics
 Money in the stashes
 Money in the cabinets
 Stuffed in the mattress
 Safe full of guns
More money up in that shit
 Taz Arnold TI\$A
 Jeremy Scott Adidas
 Maison Martin Margiella
 Three strap sneakers
 Riding with a feature
 Student and a teacher
 It's money over bitches
 No room for a skeezer
 Thinking of a Lambo
 Bathing Ape camo
 Play with the money
 Turn Rocky into Rambo
 Patience is a virtue
 Life is a handful
 Friends, they'll hurt you
Learned that from my grandfolks
 Me under a lamp post
 While I got my hands closed
 Haze to my brains
 Like eggs, got it scrambled
 Yeah I feel Rihanna
 And I understand Hov
 What you think I rap for?
To push a fucking Land Rove?
 Now I'm looking back
When you said I shouldn't rap
 Some slept on me
 Other niggas took a nap
 Now I'm in the basement
 Probably cooking crack
 Gave you teaspoons full

But instead, you took a cap
They say Tyga and Diggy
But Rocky been Jiggy
Currency from The Wiz

Ain't enough to get me home
Can't really hate
When they compare me to Drake
Could have been J.Cole
If I met J-Hov
Who dat?
ASAP, But I'm fly like I never left
You's a lie, like fly without the letter F
If hip hop is dead
Fuck it, let it rest
Reincarnated through me
When she resurrect
Long hair, Blue jeans
Live on U-Stream
High top boots
Like Pac in a Juice scene
No it ain't a movie
Diamonds in by new gleam
Dead tone
Cuz the redbones is my new thing
Nigga, I do things
Let the coupe sing
Niggas say I'm insane
Saddam Hussein
Niggas still jokers
Me, I'm on my Bruce Wayne
Fly kicks, my shit
Yeah I'm on that Liu Kang
I ain't bragging when I do this
My shoes is Bermudas
I'm bougie in that Gucci
But my nudies is my newest
And your foolishness and rumors
I give two shits
I only hear the money
Save the bullshit for the Q-Tips
Swag is the coolest
My bitch is the rudest
My jeweler is Jewish
And my wrist is the bluest

And I get it poppin on the block
Like who kid
ASAP standing on the block
Like the new kids
