

Catch a Star

Men At Work

Experience babe
Kickin' stones and cans
Experience babe
Cigarette-stained handsIt's not too late
Hear it in the wind
It's not too late for you
Feel passion creepin' inIntoxication
Familiar smells of the hotels
Infatuation
Of knowing who you areYou and I, You and I
You and I
Arrow through my heart
Catch a starIsolation
Rows and rows of cars
Isolation
Like Jupiter and MarsStaring faces
Set in celluloid
Welcome to the late show
Starring Null and VoidComplications
Things get in the way
Sweet sensation
Of knowing you are near and not too farYou and I, You and I
You and I
Arrow through your heart
Catch a starYou and I, You and I
You and I, You and IYou and I, You and I
You and I
Freeway through your heart
Catch a starCatch a star
Catch a star
