[Chorus]
I can't see u anymore
I am blinded my eyes are on the floor

And like a hawk u swoop into my dreams
Iâ€™m feelin duped cause I feel so extreme
Turnin around and Iâ€™m wishin u were there
Wishin I had the right words to show I care
Ur powers warm I'm searchin for the heat
U got the drive that can lift me from my seat
When u r near Iâ€™m feelin complete
Now broken down I needing ur retreat

How could this happen I thought the search was done inside this battle that nobody has won
Iâ€™m So afraid of what giving up will mean
I'm all alone runnin in this scene
Inside my movie that u no longer star
I need ur arms can't feel them from afar
I'm crackin jokes a fake hardy har har
Jump start the car I wanna be right where u r

[Chorus x2]
I can't see u anymore
I am blinded my eyes are on the floor

Tell me where you are

[Emprez Verse]

[Chorus x2]
I can't see u anymore
I am blinded my eyes are on the floor

Tell me where you are [x2]

But u gotta do what u gotta do
I cannot hold u even after what we been thru
This love is real and I pray for u my king
And if my crown falls I will still sing
To the heavens so much joy u can bring
To this world where we both fight for everything
Seeking justice we hold it in our heart
Someday our purpose will be filled then we can start

To build our life but can't we wait
The suffering so easily turned to hate
Cause I am angry that u had to go
But I understand and I hope u know
That I will never love someone like this
The ying and yang the balanced bliss
Pushing me farther that I have ever been
The support of a god I be missin that grin

[Chorus x2]
I can't see u anymore
I am blinded my eyes are on the floor

Tell me where you are [x2]
