## Lady Gaga

Sometimes a story has no end,  
Sometimes I think that we could just be friends.  
'Cause I'm wandering man he said to me. And what about our future plans?  
Does a sin we have even make sense?  
When I got the whole world in front of me. So I said,  
I don't wanna be alone forever, but I can be tonight.  
I don't wanna be alone forever, but I love a gypsy life.  
I don't wanna be alone forever, maybe we could see the world together.  
I don't wanna be alone forever, but I can be tonight. So, I just packed my Baggy J's  
Said goodbye to family and friends.  
And took a road to nowhere, on my own.  
Like Dorothy on the yellow brick,  
Hope my ruby shoes get us there quick. 'Cause  
I have everyone I love at home  
And I don't wanna be alone forever, but I can be tonight.  
I don't wanna be alone forever, but I love a gypsy life.  
I don't wanna be alone forever, maybe we could see the world together.  
I don't wanna be alone forever, but I can be, I can be tonight, oh I,  
Would you go with me? Tonight, see the world with me. 'Cause I'm, I'm, I'm, I'm, I'm, I'm, I'm a Gypsy, Gypsy,  
Gypsy,  
I'm, I'm, I'm, I'm, I'm, I'm, I'm A Gypsy, Gypsy, Gypsy, I'm  
I'm, I'm, I'm, I'm, I'm, I'm, I'm A Gypsy, Gypsy, Gypsy, I'm  
I'm, I'm, I'm, I'm, I'm, I'm, I'm A Gypsy, Gypsy, Gypsy, I'm And then he asked me, he said, 'Baby, why do  
we love each other?'  
I said, 'Honey, it's simple - it's the way that you love and treat your mother. 'Thought that I will be alone  
forever, but I won't be tonight. I'm a man without a home, but I think with you I can spend my life  
And you'll be my little gypsy princess,  
Pack your bags and we can chase the sunset,  
Bust the rear view and power up the jets because it's You and me, baby for life.  
Would you go with me? For life,  
See the world with me.  
Cause I'm, I'm, I'm, I'm, I'm, I'm, I'm a Gypsy, Gypsy, Gypsy,  
I'm, I'm, I'm, I'm, I'm, I'm, I'm A Gypsy, Gypsy, Gypsy, I'm  
Russian, UK, Paris, I'm Italian, Asian, Combined,  
African, DIIN, I'm A Gypsy, Gypsy, Gypsy, I'm  
Latin-American, I don't speak German but I try.  
Someday, in Jakarta, I'm American, I'm Gypsy, I  
Bangkok, Australia, Malaysia, Sweden, Finland, Norway. Be my home, just for the day.  
Dankeschön, I'm a Gypsy, Gypsy, Gypsy
