Electric Eye

Judas Priest

Up here in space
I'm looking down on you
My laser's trace
Everything you doYou think you've private lives
Think nothing of the kind
There is no true escape
I'm watching all the timeI'm made of metal
My circuits gleam
I am perpetual
I keep the country cleanI'm electric, electric spy
I'm protective electric eyeAlways in focus
You can't feel my stare
I zoom into you
You don't know I'm thereI take a pride in probing
All your secret moves
My tearless retina
Takes pictures that can proveI'm made of metal
My circuits gleam
I am perpetual
I keep the country cleanI'm electric, electric spy
I'm protective electric eyeElectric eye
In the sky
They feel the stare
So always thereThere's nothing you can do about it
Develop and expose
I feed upon your every thought
And so my power growsI'm made of metal
My circuits gleam
I am perpetual
I keep the country cleanI'm electric, electric spy
I'm protecting electric eyeI'm electric, electric spy
I'm protecting
Protective, detective
Electric eye
