

Electric Eye

Judas Priest

Up here in space
I'm looking down on you
My laser's trace
Everything you do You think you've private lives
Think nothing of the kind
There is no true escape
I'm watching all the time I'm made of metal
My circuits gleam
I am perpetual
I keep the country clean I'm electric, electric spy
I'm protective electric eye Always in focus
You can't feel my stare
I zoom into you
You don't know I'm there I take a pride in probing
All your secret moves
My tearless retina
Takes pictures that can prove I'm made of metal
My circuits gleam
I am perpetual
I keep the country clean I'm electric, electric spy
I'm protective electric eye Electric eye
In the sky
They feel the stare
So always there There's nothing you can do about it
Develop and expose
I feed upon your every thought
And so my power grows I'm made of metal
My circuits gleam
I am perpetual
I keep the country clean I'm electric, electric spy
I'm protecting electric eye I'm electric, electric spy
I'm protecting
Protective, detective
Electric eye
