Machine

MisterWives

Oh oh oh
Oh oh oh
Pick apart every piece of me
And miss the point entirely
I only did this to be sane
Not for you to know my name
Go 'head and spit the music out
Please tell me more about your doubt
Don't fear I've heard it all before
Each time makes it easier to ignore
Oh I am tired of abiding by your rules
Causing me to second guess my every single move
You don't know who I am
Or what I have been through, no
So don't dare tell me what I should and shouldn't do 'cause...
Not here to lose
Not here for you to choose how we, should be
Cause we're not part of your machine
We're not, we're not part, we're not part of your machine
We're not, we're not part, we're not part of your machine, no
Don't feel like having a computer sing this phrase
Not looking for a hired name to write a song for me that sounds the same
As everything fed to our brain's rammed down our throats with no complaints
Maybe I'm a dying breed, but I believe in individuality
Oh I am tired of abiding by these rules
Causing me to second guess my every single move
You don't know who I am
Or what I have been through, no
So don't dare tell me what I should and shouldn't do 'cause...
Not here to lose
Not here for you to choose how we, should be
Cause we're not part of your machine
We're not, we're not part, we're not part of your machine
We're not, we're not part, we're not part of your machine, no
(Hey, hey)
Told to look an act a way, as if I'm just a ball of clay
That you can just mold into whatever, I assure you that's not clever
See now fads don't last forever they are fleeting like the weather
And we will stand our ground while you will sink and drown

Hahaha!
'Cause I'm a tough girl, I run my own world
And if you don't like it there's the door
If you haven't heard I ain't got no interest in your business
Just here for the music and there's nothing else to this bullshit!
Woah-oh-oh oh cause...
Not here to lose
Not here for you to choose how we, should be
Cause we're not part of your machine
We're not, we're not part, we're not part of your machine
We're not, we're not part, we're not part of your machine, no
