Wolfman

Bobby Fuller Four

Listen hard and close
Why are you morose
Did you take an overdose
To the winner's post
Can you make the chase?
Internet database
Webpage, you're outta your face
I'm in and out of space
Wolfman
It's giving me the hump, man
It's coming like a swamp, man
I jump when you say jump, manThe spitz's on you
So what you gonna do
You got a junkie for a mother
Your dad drank special brew
From the estate
You got enough on your plate
There was a gang in the shadow
I made the getawayWolfman
It's giving me the hump, man
It's coming like a swamp, man
I jump when you say jump, manJump
JUMP
JUMPGet into the vibe
Slam in a megadrive
Arcade, the fire denied
I pulled my flick knifes
Sent into kingdom come
Alley-cat got your tounge
Schizoid it's fame on the run
Wanted by the sunWolfman
It's giving me the hump, man
It's coming like a swamp, man
I jump when you say jump, manWolfman
