Shampoo You

Shampoo

Nothing can touch us
And no one even comes close
To walk among us, such a treat
Tell your friends we're the mostShampoo you
That's all we wanna do
Shampoo you, it's what we doWe are the bright lights shining
We're nobody's fool
Once in a lifetime
Baby, we're so, we're so coolShampoo you
That's all we wanna do
Shampoo you, it's what we doAphrodite and Venus
Nothing could come between us
Don't try to deceive us
Here's what we're gonna do
Here's what we're gonna do
Shampoo youNothing can touch us
And no one even comes close
To walk among us, such a treat
Tell your friends, we're the mostShampoo you
That's what we wanna do
Shampoo you
That's what we wanna do
La, la, la, la, shampoo
