

# Hurricane Haley

## Forever the Sickest Kids

I got a text saying you would be calling.  
I got a phone call to prove it was true.  
I couldn't let you in, it was do or die.  
You had the last words baby, and I'm wondering why. Do you really want to hurt me baby?  
I never wanted this to happen.  
You've been acting crazy, so Haley... From the start off, it was the beginning.  
You know me better than myself, and I know myself pretty well.  
And I know myself pretty well. From the start off, it was the beginning.  
You know me better than myself, and I know myself pretty well.  
And I know myself pretty well. It was a bonfire waiting to happen.  
It was a hurricane that pulled us through.  
So I sat down and figured it out,  
And thought all about how things were better the first time. From the start off, it was the beginning.  
You know me better than myself, and I know myself pretty well.  
And I know myself pretty well. From the start off, it was the beginning.  
You know me better than myself, and I know myself pretty well.  
And I know myself pretty well. I couldn't make my ??  
You're here for a week, but you're gone again. From the start off, it was the beginning.  
You know me better than myself, and I know myself pretty well.  
And I know myself pretty well. From the start off, it was the beginning.  
You know me better than myself, and I know myself pretty well.  
And I know myself pretty well. From the start off, it was the beginning.  
You know me better than myself, and I know myself pretty well.  
And I know myself pretty well. Do you really want to hurt me baby?  
I never wanted this to happen.  
You've been acting crazy, so Haley..... Come over.
