

Road Block

Janis Joplin

Oh, ain't no problem
Carry no heavy load
Lord, no
Why can't I love you, baby ?
You try to block my road
You try to block my road. HeyOh, better off to hand you
Everything I own, ha ha ha ha
Strange to see you waiting for me
You try to block my road, yeah yeah
Try to block my road
Hey, hey, hey, heyRoad block
Road block
Road block
Road block
Road block daddy daddy daddy
Road block
Road block
Alright on the road block
Road block
Road block
Road block
Road block
Road block
Road block
Yeah! Road block
Road block, alright, alright, alright
Road block
Road block
Road block
Road block
Road block
Road block
Whoa Road block
Road block
Road block
Road block
Road block
Road block
Road block

Road block
Road block
Road block
Road block
Road blockYeahTry to block my road, daddy daddy daddy
I said now every time I turn around
Why, Try to block my road
Why did you try to hurt me Try to block my road
I said all I ever wanted to do was Try to block my road
N-now all I ever wanted to do was to love you Try to block my roadTell me, tell me, tell me Try to block my
road
Tell me, tell me, tell me now Try to block my road
Waaah Try to block my road
Waaah Try to block my road
Try to block my roadHa ha
Oh, ain't no problem
Carry no heavy load
Oh no, no
Why can't I love you, baby ?
You try to block my road
Hey hey, try to block my road
Now now, try to block my road
Right, right, honey right now
