

Good One Comin' on

Blackberry Smoke

Two six packs of Shiner
99 cent butane lighter
Lucky Strikes and a fifth of Patron
Ice down that Igloo cooler
Tank of gas that oughta do er'
I can feel a good one comin'on
Throw in Ray Wylie Hubbard
Sing along to "Redneck Mother"
Any blues I had before are gone
Another workin' week is over
No chance of stayin' sober
I can feel a good one comin' on [Chorus]
Yea we're gonna roll all night
We're gonna get the feelin' right
We're gonna keep this party rockin'
Till the break of dawn
I can feel a good one comin' on
Three blondes in a rag top Mustang
Followed us down to the lake and...
Didn't have to think about that too long
Skinny dippin' in the bright moonlight
Situation couldn't be more right
I can feel a good one comin' on
