Burning Hell

R.e.m.

Women got legs, men got pants
I got the picnic, you got the ants
Put it in the fire heaven knows
Take my torch and touch your toes in hell
It's a burning hell
You can burn in hell
It's a burning hell
You can burn in hell
It's a burning hell
Women don't fret, boys don't bet
Let me see your silhouette in hell
Women above me, take my love
Love, love, love, love, love, love, love
It's a burning hell
It's a burning hell
Baby, baby, baby, I'm hell
It's a burning hell
Girl stop moving, boy behave
Baby, I'll put you in an early grave in hell
Love on the ceiling, love on the floor
I'm gonna leave you burning for more
Burn in the country, burn downtown
All the best people are burning down in hell, hell, ah hell
It's a burning hell
You'll burn in hell
It's a big, burning, giant, colossal matter
Hell, oh, baby, I'm hell
Burn, burn, burn
