

More to Me Than Meat and Eyes

Early Man

Dont know how much more I can take
Constant abuse from Master Shake
I know he thinks that Im just a
Stupid wad of meat with a stupid mindI feel like no one can relate
To a ball of meat who changes shapes
Give meat a chance and you will find
Theres more to me than meat and eyesThey may not think Im very smart
Takes brains to pull this danger cart
Back in my youth I was nave
Now the moon men knights have corrupted meThis all should come as no surprise
You knew soon one day I would rise
Give meat a chance and you will find
Theres more to me than meat and eyes
