

Wonderland

Simply Red

People, places
Pursuing the chases
Our moments were chosen
Her senses explosion Take your pulse and read it well
She never said you'd only get one chance
Pay your debt and bleed as well
You're living in the same circumstances The end of an era
Our future no clearer
My people no stronger
The blame I lay on her Wonderland, wonderland
It's beautiful
Wonderland, wonderland
It's beautiful Take your pulse and read it well
She never said you'd only get one chance
Pay your debt and bleed as well
You're living in the same circumstances The end of an era
My future no clearer
Our people no stronger
The blame I lay on her Wonderland, wonderland
It's beautiful
Wonderland, wonderland
It's beautiful Wonderland, wonderland
It's beautiful
Wonderland, wonderland
Fading away, fading away Wonderland, wonderland
(Fading away till tommorow comes to wanders on)
Wonderland, wonderland
(It's comin' again, it's gonno keep up on you well) Wonderland, wonderland
(On you, on you, always)
Wonderland, wonderland
(Fading away, yeah yeah, fading)
