Terry

Kirsty MacColl

Why'd you never listen to me?
I could be invisible to you
Anyway it doesn't matter now
'Cause I have met somebody newSorry if your heart is broken
Why's your mouth just hanging open?
Don't look so surprised
I found another guyTerry wants my photograph
Terry says our love will last forever
And he should know
That boy Terry's not the kind
To mess around and change his mind
Terry is as tough as Marlon BrandoNow he's waiting for me
I just had to break the news to you
You'd better hide your face a while
If he gets mad there's no telling what he'll doYou can see the door is open
So if you don't want your nose broken
You had better go away
'Cause Terry's coming round todayTerry wants my photograph
Terry says our love will last forever
And he should know
(Terry said he'll never let me go)
That boy Terry's not the kind
To mess around and change his mind
Terry is as tough as Marlon BrandoHe's been making eyes at me
It started long ago
So when he said he loved me
I just had to say, "I know, I know, I know
I know, I know, I know, I know, I know
I know, I know"You thought you were such a smarty
But Terry knows about karate
There's other things he's good at too
Terry's not a bit like youAnd Terry wants my photograph
Terry says our love will last forever
And he should know
(Terry said he'll never let me go)
That boy Terry's not the kind
To mess around and change his mind
Terry is as tough as Marlon Brando
