

Love

The Jude

If I ask you will you tell me
How you feel tonight
Or will you keep on hiding
The pain behind your eyes
There will come a time
When you will see me too
Loneliness will leave you
And lead you into Love, love, love
If you step into the light
Light, light, light
Come stay with me tonight Tell me why in your eyes
Why do you look so sad
Are you lost with the ember
That always turns to black
I see you standing in the cold rain tonight
This time you and me
We'll fall right into Love, love, love
Your heart will never lie
I, I, I
I will no longer hide Love, love, love
If you step into the light
Light, light, light
Come stay with me tonight Stay with me tonight Tell me why in your eyes
Why do you look so sad
